Dr. Clark:

Dear Sir,

Yours of the 2nd is just received - and I have thought best to write immediately to tell you of the steps I have been taking for the past few days. On Saturday last I came from Lake Umbagog to the thought of a young lady whom I have known for quite a long time, and who I have known that she was highly accomplished, gentle, and winning. Tired by some one who knew her - and acted in very good faith. I wrote her at

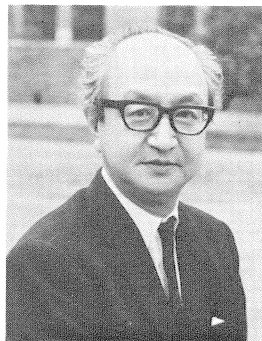

once, asking her of my own place, and asking if she would go with me at our expecting an answer soon by any mail. This short letter, the daughter of a devoted and successful man, and of my Mother took the matter really in her serious way. I am not sure but she will be the best work of my life. I write these few words, thinking in many possible ways, your place, or tell them to someone for a letter -

Respectfully,  
Eliza Talcott.
